- Someone you can rely on that the job will be done, a person of trust;
- Communicative, easy co-worker;
- Quickly adapting to different work tasks and changeable environment;
- Always ready, willing, and up for the challenge of learning new skills.

About me

Self-taught web developer focused on front-end. I have learned from books, websites, and tutorials. Especially fond of making web apps using **React** library and its based frameworks. Planning to expand my knowledge with a new programming language and another JavaScript framework...

Projects

- **STAR DUST** - <http://stardust.eu5.org>
Web presentation of the rock band from Novi Kneževac.
- **CALCULATOR** - <https://my-calculator-dj.netlify.app>
Small web app. Calculator with basic math operations.
- **WEATHER FORECAST** - <https://weather-forecast-dj.netlify.app>
Web app. Forecast with live weather data from Dark Sky.
- **AMAZING SHOP** - <https://amazing-shop.netlify.app>
My personal fictive e-commerce web shop app.
- **GITHUB ISSUES** - <https://github-issues-dj.netlify.app>
Github's issues (official API) partial website clone.
- **HACKER NEWS** - <https://hacker-news-dj.netlify.app>
Hacker News website clone. Using their official API.
- **PORTFOLIO WEBSITE** - <https://dusanjonjin.netlify.app>
A short presentation about myself, including the projects that I've finished by now. Made with Gatsby JS.

Code for all of these projects can be seen at my Github account:
<https://github.com/DusanJonjin>

Education

- High school (secondary school) graduate.
Gymnasium "Dušan Vasiljev" in Novi Kneževac.
